# ACE High School

## 2018-19 Enrollment Application

### 2018-19 Enrollment Application

ACE High School is a Career Technical Education (CTE) high school for those motivated students who are interested in highly technical and skilled career pathways. Eligible students in grades 9-12 will have the opportunity to learn high school academics through a combination of high school classes, CTE college credit classes, dual credit, and middle college classes towards earning their CTE high school endorsed diploma and technical certificate. Students seeking technical certifications may take college classes at the TMCC William Pennington Applied Technology Center during their 10<sup>th</sup>-12<sup>th</sup> grades in dual credit and middle college programs offered through ACE High School. Most students’ core high school academics will be taken at ACE’s Vassar Street campus. All 9<sup>th</sup> grade students will spend their first year on campus while 10<sup>th</sup> -12<sup>th</sup> graders may have their CTE/college classes at TMCC’s Edison Campus or ACE’s construction site.

#### How to Apply?

- ❖ Complete the attached application which must include:
  - Current transcript – reflecting the most current academic progress (*can be unofficial*)  
Current WCSD students get 4 free transcripts a year: order on Scribder.com
  - Attendance record – for current school year
  - Discipline Record - for last 2 years or letter from administrator stating no incidents
  - IEP and/or 504 documentation for upcoming school year – *if applicable*
- ❖ Students will be notified by email or USPS mail on acceptance

Completed applications can be mailed USPS, scanned/emailed, faxed - 775.324.3901, or delivered to:

**ACE High School**                      **Email: [bderuse@acehighschool.org](mailto:bderuse@acehighschool.org)**  
**2800 Vassar Street**  
**Reno, NV 89502**

***NOTE:** Being safe and following directions is of the utmost priority in a CTE classroom. Prospective students must exhibit behaviors that will ensure the safety of all students and staff in highly technical and at times dangerous classroom/shop/industry environment. Students will be working with equipment and tools that can cause serious injury to themselves or others.*
